Sukkur IBA University Vision & Mission

Vision

“To become a world-class university in the fields of Management Sciences, Information Technology, Engineering, Mathematics and Education.”

Mission

The mission of Sukkur IBA University is to contribute and serve community by imparting knowledge through innovative teaching and applied research at the global levels of excellence. We aim to establish and sustain a competitive meritorious environment by strengthening faculty and using state of the art technology to produce graduates with analytical & creative thinking, leadership skills and entrepreneurial spirit, who possess global outlook and are conscious of ethical values.

Sukkur IBA University Introduction

Beginning of a New Era – Spreading the Light of Education

Since its establishment, Sukkur IBA University has been successfully transforming the lives of people and uplifting their careers by offering quality education. Sukkur IBA University welcomes people from diverse backgrounds, majority of them have dreams in their minds but their realization is blur. Sukkur IBA University not only helps them realize their dreams but changes their lives by educating them and making them responsible citizens of Pakistan.

Sukkur IBA University does not believe in teaching through conventional means. It rather focuses on teaching through modern teaching methodology on market-based curriculum. Students are engaged through classroom lectures, video conferences, presentations, audio video learning aids, group discussions, role play exercises, practical projects, research work and other curricular and extracurricular activities. The purpose is to build capacity of students from all aspects by using all modern tools and techniques. This aids in increasing student analytical skills, decision making power and self-confidence, e risk taking thinking out of box, determination and self-awareness. These activities also create a strong link between theory from their books and practical, which they have to face after initiating their career.

How is Sukkur IBA University is Different?

- Quality Education at affordable Cost – what Sukkur IBA University offers and what it charges is far less than other Institutions of similar caliber.
- Assurance of Learning – Sukkur IBA University ensures learning through linking programs with institute mission and mapping curriculum to achieve desired academic goals.
- Linkages with reputable national and international institutions – for adopting best national and international academic practices to improve quality of education Sukkur IBA University has strong linkages with institutions of global caliber.
- Raising standard of education through unique foundation semester – to support students from poor academic and financial background to remove their academic deficiencies and prepare them to face challenges of higher education.
- Focus on Faculty Development – to invest a lot on faculty to build their capacity so that they can teach better and prepare students for challenges of professional life.

Department of Business Administration

Department of Business administration is created to address the issues of business and management in different cultural contexts. The primary mission of the department is to educate students in small, interactive classes where they can learn, acquire, skills and develop attitude and values appropriate for leading and serving in a global society. The department continuously strives hard to improve its teaching and research quality. National Business Education Accreditation Council (NBEAC) and Higher Education Commission (HEC) ranked department programs as “W” Category which is a highest possible category. University is currently implementing Assurance of Learning (AOL) for international accreditation of AACSB, an oldest and most reputable business accreditation authority across the globe.

Mission

Department of Business Administration strives to serve community by imparting research oriented knowledge. We aim to develop and sustain a meritorious culture of continuous improvement that encourages leadership, entrepreneurial capacity, and ethical consciousness in our graduates to flourish and contribute meaningfully to society.
