The ultimate purpose of education is to produce most civilized citizens with high civic sense and patriotism. It is the prime duty of every educated person to disseminate knowledge and light the candle of enlightenment. The darkness of illiteracy, haunting social evils, burgeoning economic crises and other human drudgeries can only be eliminated through the powerful tool of education. Sukkur IBA may proudly boast of its graduates for being vanguards of positive social change and harbingers of consolation for suffering people. We want to provide them another wonderful ground to serve their community, earn livelihood and gain job experience for projection in job market.
